

Teacher

Netherlands

I am a resident of the Netherlands. I am not a United States citizen. I have not been lawfully accorded the privilege of residing permanently in the United States as an immigrant.

I am visiting the United States for the purpose of teaching or conducting research at the Oregon University System for a period not exceeding two years. I will receive compensation for my teaching, or research activities.

The compensation received during the entire tax year (or during the period from \_\_\_\_\_ to \_\_\_\_\_) for these activities qualifies for exemption from withholding of federal tax under the tax treaty between the United States and the Netherlands. I have not previously claimed an income tax exemption under that treaty for income received as a teacher, researcher, or student before the date of my arrival in the United States.

Any research I perform will be undertaken in the public interest and not primarily for the benefit of a specific person or persons.

I arrived in the United States on \_\_\_\_\_ [*insert the initial date of arrival in the United States to begin teaching or research at any United States educational institution*]. The treaty exemption is available only for compensation received during a period of two years beginning on that date only if my visit does not exceed 2 years.
